LENZ' "INDIAN MOON"

THE LAST WORD ONE MAN FLOATING BALL

The surpassing loveliness of this effect will leave a deep impression on the minds of all who see it. Like the rise of the INDIAN MOON, this beautiful silver sphere gradually rises and floats across the stage. Up and up — down and down — all the time entirely under the control of the performer.

Working up to a veritable crescendo of baffling mystery, the ball floats over and down until it rests against the face of the stretched foulard. **The startling climax comes when the Magician suddenly WHIPS THE SILK AWAY AND LEAVES THE BALL AFLOAT IN MID-AIR !**

This is a sure applause getter and leaves everything of a similar nature completely outclassed.

**FANTASTIC !
BEWILDERING !!
IMPOSSIBLE !!!**

See Lenz demonstrate "INDIAN MOON" at the big all star Concert at the Opera House, Buxton, on Saturday Evening.
